COLLECTION FOR POOR DOUBLE THAT YEAR AGO

Union Services Held Thanksgiving at Local Church

WORK IS EXPLAINED

Effort for Charity Receives Impetus--Statement of Finances Made by Treasurer

The charitable work in Charleroi received an impetus Thanksgiving night, when a collection double the amount taken on Thanksgiving last year was received at the union church services held at the Methodist Episcopal church. In actual cash $63.53 was received with an additional subscription promised of $12.50, bringing the total up to $76.03. The amount received last Thanksgiving was $35.16.

Not only were three sermons on the subject of Thanksgiving delivered and a collection for the poor taken, but also an address along the lines of work being done by the Charleroi Associated Board of Charities was made by Charles O. Frye, treasurer of the Board and a proposal publicly made that a trained nurse be hired to work along defined lines among the needy of the town.

Mr. Frye made a financial report of the work of the Associated Board of Charities. He stated that 35 families had been aided during the year, and that six of these families are still dependent. Aid distributed during the year amounted to $568.57. No cash was given out to individuals, but the charities board looked after the matter of supplying the various families with the things they needed. Clothing that is given by individuals and distributed is kept close tab of and the value of each garment tabulated to be counted in the final report. Cash used to purchase supplies during the year was $223.97, with second hand goods given out being valued at $344.60. December, January, February and March, the worst months of the year constituted the period of greatest need.

The proposal to hire a nurse to look after the poor in the way of visiting and to teach them in the ideas of sanitation met with considerable approval. One individual promised to subscribe $100 to such a cause if she were employed the year around.

Rev. F. A. Richards opened the meeting and presided. Rev. J. T. Hackett said the prayer. The scripture reading was given by Rev. John R. Burson, and Rev. T. E. Wilson read the Thanksgiving Proclamation of President William H. Taft. The first address was given by Rev. E. G. Stanley, on thesubject of "Gratitude." Rev. C. P. Bastian spoke of "Why Thanksgiving Day?" and Rev. E. N. Duty of "Thanksgiving." All three addresses were filled with good points on the observance of the day, as to why it should be observed and p roper method of celebrating it.

Under direction of A. H. Bosson,the Methodist Episcopal choir rendered an anthem, "Oh, Light Eternal," by Miles. Miss Ethel Hawthorne of California rendered very pleasingly and with fine effect a soprano solo. Miss Norma Bosson rendered a violin selection. The benediction was given by Rev. F. A. Bright, evangelist now holding services at the First Christian church.

Hop Freight; In Trouble

Local Lads Have Narrow Escape Under Train--Caught by Officer

Two boys nearly got their everlasting when they hopped a freight train near the railroad station Thanksgiving afternoon, and then nearly got heart disease when caught by a railroad officer and threatened with a trip to Morganza. The lads, aged about 12 years, made what might have been the fatal mistake of jumping aboard a fast moving freight. Both of them barely escaped from going in under. Others of a party of about six youngsters also pretended to hop the freight. The lads were let go with a severe reprimand. Their parents were notified.

FOREST ON FIRE

Woods on Farm of J. A. Sphar Sustains Some Damage

Negligent hunters are charged with being responsible for a fire in the woods on the land of J. A. Sphar in Twilight borough Thanksgiving day. The fire started in the vicinity of what is known as the old slaughter house in a brush pile. It is supposed that hunters set fire to the brush pile to rout out a rabbit. The fire burned an hour or so and was just beginning to get a good start when discovered. After an hour or more or work Mr. Sphar, with the help of neighbors was able to extinguish the blaze.

Mr. and Mrs. Umbel are well and favorably known and a host of friends join in well wishes.

INSTITUTE A FEATURE

Home Affair Made Possible Through New School Code

There appears to exist some wonder in the minds of the people of the Monongahela valley about Monessen holding a separate teachers' institute this year which should be set at rest by some explanation. It happens in this way that the First Annual Session of Monessen District Teachers' Institute will be held there in the Opera House December 2 to 6.

The new School Code or law passed by the last session of the Legislature gives authority to any school district in the State employing forty or more teachers to hold a teachers' institute separate from the annual institute held at the county seats. That mark was passed by the Monessen public school system some time ago and now the teaching staff is composed of nearly sixty teachers.

Accordingly, Superintendent H. E. Gress and a number of public spirited citizens presented the matter to the Board of Trade early in the summer with the result that the project has been promoted and all arrangements made for one of the best teachers' institutes in Western Pennsylvania here this year.

Neither money nor pains have been spared in securing the best lecturers and entertainments for the four evenings of that week and instructors for the day sessions of a national reputation. From presidents of colleges to prominent educators in their several lines no better array of talent could be found in the country.

In short the town, community and valley has reason to be proud of what is coming to the very door by appreciating it with universal patronage.

ONE-MILE RACE THE BEST YET

Percy Smallwood raced twice at the rink on Thanksgiving day, in the afternoon with Hoy, whom he beat by a lap and half, and in the evening with two men in a mile race, Carl McGuire and Albert Schoener. The latter race was the besst one that has been run at the rink thus far, and Smallwood was able to beat the two-men relay team by but a few yards. Wednesday night he beat a Miss Mabel Olson, who raced against him on skates. Kid West walked against and beat C. Lowstutter Thanksgiving afternoon and in the evening beat a team of two men, Hugus and Hopewell.

Tonight Smallwood will run against Charles Deitz, who will skate. West will try to induce ten men to walk against him in a one mile race.

For Fast Driving.

A man from Twilight was arrested Thursday night for fast driving at the corner of Second and Washington He gave the police a hard tussle. This morning he was given a hearing and on two charges, fast driving and resisting arrest was given a total fine and costs of $16.85.

Married Here.

Thomas Anderson and Mrs. Sarah Weir were married here Thanksgiving evening by Rev. Thomas Johnson of Monessen. An elaborate dinner was served following the ceremony. Members of the immediate family and a few intimate friends were present.

I. B. Daniel of Utica, N. Y. is a guest at the home of his brother, Prof I. T. Daniel, musical director of the public schools.

The Socialists of this place held a parade and meeting Thursday night to celebrate the freeing of Ettor, Giovannitti and Caruso the men charged with murder in connection with the Lawrence Textile Workers' strike. The line of parade was over some of the main streets of the town, the body being led by the Charleroi Italian band. Then they went to Independence Hall, where speaking took place.

VERY IN THE GAME

State College Star to Play Here Against Donora

What will probably prove one of the biggest football games ever played on the local field will be contested Saturday afternoon between Donora and Charleroi. Both teams will have their best lineups for the occasion.

Very, the famous State College end, who will be named a member of the All American elevent will be with the Charleroi team, and will either play his regular position at right end or in the backfield. Very will visit here over Saturday and Sunday. It is likely that Wilson, the other State College end will be in the game. Capt. Mauthe of State would have played but he was used up so much in the struggle at Pittsburg Thanksgiving that he will not be in shape. Harlow also would haveplayed had it notbeen for an injury. Alex Gray will hold down his regular tackle position, and Russell, the youth from Fayette City will be in the backfield.

The game will start promptly at 2:30. Harlow will referee and likely Mauthe will umpire. Donora will have "Bob" Coulson and Harry Coulson in their lineup, together with Turnblazer, Furlong and other strong players.

The Ladies of the Washington Avenue Presbyterian Church will hold a Bazaar in the basement of the church Thursday evening, Dec. 5th and Friday and Saturday afternoon and evenings, Dec. 6th and 7th. Also a market consisting of home-made pasteries and candies. 109-t8

A WEAK SPOT.

A tentative draft of a Child Labor Bill by the legislative committee of the Republican state convention has just been submitted to the public. The bill, which is designed to regulate the employment of minors, is more drastic and far reaching than the law now in existance. It contains a general prohibition of labor by children under fourteen years at any occupation whatever, except in agricultural work and domestic service. It also prohibits minors under sixteen years of age from working around dangerous machinery, limits the hours of labor to eight a day and prohibits night work for children under sixteen.

While public sentiment has generally been in favor of prohibiting the grave abuses of child labor, some weak spots in the prohibitory laws have lately been encountered. These have come to light through the experiences of the juvenile court officers and school principals and superintendents. A number of cases have been reported from the cities and industrial centers where hard working widowed mothers have appeared to intercede for delinquent sons between thirteen and fourteen years of age, who were a head taller than the mother, besides being larger and stronger, yet the law does not permit him to work and the mother was doing washings to support the boy, who was running wild and getting into mischief during the vacation period.

The schools have also encountered a situation where the child labor law is diametrically opposed to practical education. It is now generally agreed that the schools are deficient in preparing children for the duties of life, as the most of them quit school at fourteen years of age to go to work. The instructors now agree that one of the chief difficulties is that children of that age have absolutely no conception of work or industrial application, and that the child labor laws prohibit a child from acquiring habits of industry and the application of its talents. It is pointed out that the people are now taxing themselves to provide money to establish manual training schools to teach children under fourteen years of age what the child labor laws prohibit them them from acquiring themselves—learning how to work. Complaints are made that a boy of fourteen who quits school and starts to work is absolutely ignorant of the first principles of industry.

In view of these obstacles it would seem that there should be some elective measures in the child labor law. There are so many cases where it works harships to both parents and children themselves, that there ought to be some plan devised by which these contingencies can be met and handled satisfactorily. This is the weak spot in the tentative draft of the bill submitted. It makes no exceptions to meet extraordinary situations.

PICKED UP IN PASSING

"There is humor even in the stern duty of law enforcement," declared Chief of Police Albright recently. "Though I must say that at times it is hard to appreciate.

"The other night I was just getting in my best licks—about midnight when the telephone bell startled my senses. Hastily I made my way to it, confident that there was trouble.

" 'Hello, is theese the Meester Sheef of Bolesse?" queried a woman of foreign nationality over the wire.

"I informed her that it was.

" 'Well, Meester Sheef, my man he put me out of my house. Can he put me out of my house?'

" 'Legally he cannot, "I comforted her.'

" 'But he deed do it.'

" 'Well, then tell him that he can't and if he does it again, send for us quick. It's too cold. Why of course he can't put you out.'

" 'Allright, Sheef.."

"No more than sound asleep again, the telephone bell tore another hole in the silence.

"I answered it. This time it was a man's voice, like the woman, a foreigner.

" 'Hello, is dees the Sheef?" he inquired.

"When informed that it was, he said:

" 'Well Meester Sheef, I just wants to ask you what my wife's she tell you.' he demanded.

"I simply told him that he could not put his wife out in the cold, and let it go at that. But it wasn't very pleasant for me to climb out of bed twice for that kind of trouble."

A charming young Frenchwoman was a guest at a dinner attended by Senator Penrose recently. The conversation turned to horseback riding and the fair visitor inquired if the Senator had had any adventures.

"Yes," he replied reminiscently, "I had an exciting experience not long ago. When out riding one afternoon my horse shied at a steam roller and threw me, shaking me up pretty badly."

"And the steam roller—did it roll over you?"

"Not that time," said the Senator grimly, "it did later.."

She Had Consumption, Was Dying; Now Well

Eckman's Alterative is being used with success in the treatment of Tuberculosis in all parts of the country. Persons who have taken it, improved, gained weight, exhausting night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it, we will put you in touch with some who are now well. You can investigate and judge for yourself. Read of Mrs. Govert's recovery.

Griffith, Ind.

"Gentlemen: Thinking that perhaps a short history of the remarkable recovery of my mother-in-law (Mrs. Anna Govert) might benefit some other sufferers, I give the following testimonial: About September 10, 1908, she was taken sick with Catarrhal Pneumonia, and continually grew worse, requiring a trained nurse. Night sweats were so bad that it was necessary to change her clothing once or twice every night; her cough increased and got so bad that everybody expected that she would not live much longer. In January, when Rev. Wm. Berg, of St. Michael's Church, at Shereville, Ind., prepared for her death, he recommended that I get Eckman's Alterative, and see if it would not give her some relief. I then requested the attending physician to give his diagnosis and he informed me that she had Consumption and was beyond all medical aid. When I asked if he thought that it was useless to try the Alterative, he replied that 'No physician could help her any and I could suit myself about it.' So I immediately had Rev. Wm. Berg to send for a bottle. Practically without hope for recovery, I insisted that she try the Alterative, which she did. I am glad to say that she soon began to improve. Now, she works as hard as ever, weighs twenty pounds heavier than she ever did before she took sick, and is in good health. She frankly says she owes her life and health to Eckman's Alterative."

(Sworn Affidavit) JOS. GRIMMER.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Trouble, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. WHY waste time and wear out your life working an Eastern farm, when land in the Sacramento Valley, California, will produce many times more net profit to the acre, with less work and worry. In Northern California the soil is richer, sunshine more often and irrigation makes you independent of the rain and drought.

Oranges, alfalfa or late fruits, grains, grasses and vegetables mature four to six weeks earlier in Northern California.

Stock and poultry are easier to raise and produce more because the climate is milder, and they can be kept out of doors all the year, where green feed grows in abundance.

HEALTHY WOMEN SCARCE

Is the Verdict of Scientific Investigation.

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run-down, thin, nervous, tired and devitalized.

Women are so actice nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. W. G. Ritchie, Patchogue, N. Y., says: "Vinol is certainly the best tonic I have ever taken. I was run down and tired all the time, but thanks to Vinol, I am feeling all right again."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

Silhouette.

Silhouette was the name of a French minister who endeavored to raise the revenues by taxing the nobility. In consequence he became very unpopular, and, the fashion of profiles in black coming in about the same time, they were called in derision silhouettes, the nobility claiming that they had their portraits done in black because they were too poor to have a full picture taken.

COLLECTION FOR POOR DOUBLE THAT YEAR AGO

Union Services Held Thanksgiving at Local Church

WORK IS EXPLAINED

Effort for Charity Receives Impetus—Statement of Finances Made by Treasurer

The charitable work in Charleroi received an impetus Thanksgiving night, when a collection double the amount taken on Thanksgiving last year was received at the union church services held at the Methodist Episcopal church. In actual cash $63.53 was received with an additional subscription promised of $12.50, bringing the total up to $76.03. The amount received last Thanksgiving was $35.16.

Not only were three sermons on the subject of Thanksgiving delivered and a collection for the poor taken, but also an address along the lines of work being done by the Charleroi Associated Board of Charities was made by Charles O. Frye, treasurer of the Board and a proposal publicly made that a trained nurse be hired to work along defined lines among the needy of the town.

Mr. Frye made a financial report of the work of the Associated Board of Charities. He stated that 35 families had been aided during the year, and that six of these families are still dependent. Aid distributed during the year amounted to $568.57. No cash was given out to individuals, but the charities board looked after the matter of supplying the various families with the things they needed. Clothing that is given by individuals and distributed is kept close tab of and the value of each garment tabulated to be counted in the final report. Cash used to purchase supplies during the year was $223.97, with second hand goods given out being valued at $344.60. December, January, February and March, the worst months of the year constituted the period of greatest need.

The proposal to hire a nurse to look after the poor in the way of visiting and to teach them in the ideas of sanitation met with considerable approval. One individual promised to subscribe $100 to such a cause if she were employed the year around.

Rev. F. A. Richards opened the meeting and presided. Rev. J. T. Hackett said the prayer. The scripture reading was given by Rev. John R. Burson, and Rev. T. E. Wilson read the Thanksgiving Proclamation of President William H. Taft. The first address was given by Rev. E. G. Stanley, on thesubject of "Gratitude." Rev. C. P. Bastian spoke of "Why Thanksgiving Day?" and Rev. E. N. Duty of "Thanksgiving." All three addresses were filled with good poin's on the observance of the day, as to why it should be observed and p roper method of celebrating it.

Under direction of A. H. Bosson,the Methodist Episcopal choir rendered an anthem, "Oh, Light Eternal," by Miles. Miss Ethel Hawthorne of California rendered very pleasingly and with fine effect a soprano solo. Miss Norma Bosson rendered a violin selection. The benediction was given by Rev. F. A. Bright, evangelist now holding services at the First Christian church.

Hop Freight; In Trouble

Local Lads Have Narrow Escape Under Train--Caught by Officer

[illegible] ing when they hopped a freight train near the railroad station Thanksgiving afternoon, and then nearly got heart disease when caught by a railroad officer and threatened with a trip to Morganza. The lads, aged about 12 years, made what might have been the fatal mistake of jumping aboard a fast moving freight. Both of them barely escaped from going in under. Others of a party of about six youngsters also pretended to hop the freight. The lads were let go with a severe reprimand. Their parents were notified.

FOREST ON FIRE

Woods on Farm of J. A. Sphar Sustains Some Damage

Negligent hunters are charged with being responsible for a fire in the woods on the land of J. A. Sphar in Twilight borough Thanksgiving day. The fire started in the vicinity of what is known as the old slaughter house in a brush pile. It is supposed that hunters set fire to the brush pile to rout out a rabbit. The fire burned an hour or so and was just beginning to get a good start when discovered. After an hour or more or work Mr. Sphar, with the help of neighbors was able to extinguish the blaze.

INSTITUTE A FEATURE

Home Affair Made Possible Through New School Code

There appears to exist some wonder in the minds of the people of the Monongahela valley about Monessen holding a separate teachers' institute this year which should be set at rest by some explanation. It happens in this way that the First Annual Session of Monessen District Teachers' Institute will be held there in the Opera House December 2 to 6.

The new School Code or law passed by the last session of the Legislature gives authority to any school district in the State employing forty or more teachers to hold a teachers' institute separate from the annual institute held at the county seats. That mark was passed by the Monessen public school system some time ago and now the teaching staff is composed of nearly sixty teachers.

Accordingly, Superintendent H. E. Gress and a number of public spirited citizens presented the matter to the Board of Trade early in the summer with the result that the project has been promoted and all arrangements made for one of the best teachers' institutes in Western Pennsylvania here this year.

Neither money nor pains have been spared in securing the best lecturers and entertainments for the four evenings of that week and instructors for the day sessions of a national reputation. From presidents of colleges to prominent educators in their several lines no better array of talent could be found in the country.

In short the town, community and valley has reason to be proud of what is coming to the very door by appreciating it with universal patronage.

ONE-MILE RACE THE BEST YET

Percy Smallwood raced twice at the rink on Thanksgiving day, in the afternoon with Hoy, whom he beat by a lap and half, and in the evening with two men in a mile race, Carl McGuire and Albert Schoener. The latter race was the besst one that has been run at the rink thus far, and Smallwood was able to beat the two-men relay team by but a few yards. Wednesday night he beat a Miss Mabel Olson, who raced against him on skates. Kid West walked against and beat C. Lowstutter Thanksgiving afternoon and in the evening beat a team of two men, Hugus and Hopewell.

Tonight Smallwood will run against Charles Deitz, who will skate. West will try to induce ten men to walk against him in a one mile race.

For Fast Driving.

A man from Twilight was arrested Thursday night for fast driving at the corner of Second and Washington He gave the police a hard tussle. This morning he was given a hearing and on two charges, fast driving and resisting arrest was given a total fine and costs of $16.85.

Married Here.

Thomas Anderson and Mrs. Sarah Weir were married hereThanksgiving evening by Rev. Thomas Johnson of Monessen. An elaborate dinner was served following the ceremony. Members of the immediate family and a few intimate friends were present.

I. B. Daniel of Utica, N. Y. is a guest at the home of his brother, Prof I. T. Daniel, musical director of the public schools.

Parade Because of Freeing of Lawrence Men From Murder Charge

[illegible] parade and meeting Thursday night to celebrate the freeing of Ettor, Giovannitii and Caruso the men charged with murder in connection with the Lawrence Textile Workers' strike. The line of parade was over some of the main streets of the town, the body being led by the Charleroi Italian band. Then they went to Independence Hall, where speaking took place.

Louis Goazion of Charleroi, delivered an address in English and Ongiolina Algeri and P. Sentrevivo of Monongahela spoke in Italian.

VERY IN THE GAME

State College Star to Play Here Against Donora

What will probably prove one of the biggest football games ever played on the local field will be contested Saturday afternoon between Donora and Charleroi. Both teams will have their best lineups for the occasion.

Very, the famous State College end, who will be named a member of the All American elevent will be with the Charleroi team, and will either play his regular position at right end or in the backfield. Very will visit here over Saturday and Sunday. It is likely that Wilson, the other State College end will be in the game. Capt. Mauthe of State would have played but he was used up so much in the struggle at Pittsburg Thanksgiving that he will not be in shape. Harlow also would haveplayed had it notbeen for an injury. Alex Gray will hold down his regular tackle position, and Russell, the youth from Fayette City will be in the backfield.

The game will start promptly at 2:30. Harlow will referee and likely Mauthe will umpire. Donora will have "Bob" Coulson and Harry Coulson in their lineup, together with Turnblazer, Furlong and other strong players.

The Ladies of the Washington Avenue Presbyterian Church will hold a Bazaar in the basement of the church Thursday evening, Dec. 5th and Friday and Saturday afternoon and evenings, Dec. 6th and 7th. Also a market consisting of home-made pasteries and candies. 109-t8

A WEAK SPOT.

A tentative draft of a Child Labor Bill by the legislative committee of the Republican state convention has just been submitted to the public. The bill, which is designed to regulate the employment of minors, is more drastic and far reaching than the law now in existance. It contains a general prohibition of labor by children under fourteen years at any occupation whatever, except in agriculture, work and domestic service. It also prohibits minors under sixteen years of age from working around dangerous machinery, limits the hours of labor to eight a day and prohibits night work for children under sixteen.

While public sentiment has generally been in favor of prohibiting the grave abuses of child labor, some weak spots in the prohibitory laws have lately been encountered. These have come to light through the experiences of the juvenile court officers and school principals and superintendents. A number of cases have been reported from the cities and industrial centers where hard working widowed mothers have appeared to intercede for delinquent sons between thirteen and fourteen years of age, who were a head taller than the mother, besides being larger and stronger, yet the law does not permit him to work and the mother was doing washings to support the boy, who was running wild and getting into mischief during the vacation period.

The schools have also encountered a situation where the child labor law is diametrically opposed to practical education. It is now generally agreed that the schools are deficient in preparing children for the duties of life, as the most of them quit school at fourteen years of age to go to work. The instructors now agree that one of the chief difficulties is that children of that age have absolutely no conception of work or industrial application, and that the child labor laws prohibit a child from acquiring habits of industry and the application of its talents. It is pointed out that the people are now taxing themselves to provide money to establish manual training schools to teach children under fourteen years of age what the child labor laws prohibit them from acquiring themselves—learning how to work. Complaints are made that a boy of fourteen who quits school and starts to work is absolutely ignorant of the first principles of industry.

In view of these obstacles it would seem that there should be some elective measures in the child labor law. There are so many cases where it works harships to both parents and children themselves, that there ought to be some plan devised by which these contingencies can be met and handled satisfactorily. This is the weak spot in the tentative draft of the bill submitted. It makes no exceptions to meet extraordinary situations.

PICKED UP IN PASSING

"There is humor even in the stern duty of law enforcement," declared Chief of Police Albright recently. "Though I must say that at times it is hard to appreciate.

"The other night I was just getting in my best licks—about midnight when the telephone bell startled my senses. Hastily I made my way to it, confident that there was trouble.

"'Hello, is theese the Meester Sheef of Bolesse?' queried a woman of foreign nationality over the wire.

"I informed her that it was.

"'Well, Meester Sheef, my man he put me out of my house. Can he put me out of my house?'

"'Legally he cannot, "I comforted her.'

"'But he deed do it.'

"'Well, then tell him that he can't and if he does it again, send for us quick. It's too cold. Why of course he can't put you out.'

"'Allright, Sheef.."

"No more than sound asleep again, the telephone bell tore another hole in the silence.

"I answered it. This time it was a man's voice, like the woman, a foreigner.

"'Hello, is dees the Sheef?" he inquired.

"When informed that it was, he said:

"'Well Meester Sheef, I just wants to ask you what my wife's she tell you.' he demanded.

"I simply told him that he could not put his wife out in the cold, and let it go at that. But it wasn't very pleasant for me to climb out of bed twice for that kind of trouble."

A charming young Frenchwoman was a guest at a dinner attended by Senator Penrose recently. The conversation turned to horseback riding and the fair visitor inquired if the Senator had had any adventures.

"Yes," he replied reminiscently, "I had an exciting experience not long ago. When out riding one afternoon my horse shied at a steam roller and threw me, shaking me up pretty badly."

"And the steam roller—did it roll over you?"

"Not that time," said the Senator grimly, "it did later.."

She Had Consumption, Was Dying; Now Well

Eckman's Alterative is being used with success in the treatment of Tuberculosis in all parts of the country. Persons who have taken it, improved, gained weight, exhausting night sweats stopped, fever diminished, and many recovered. If you are interested to know more about it we will put you in touch with some who are now well. You can investigate and judge for yourself. Read of Mrs. Govert's recovery.

Griffith, Ind.

"Gentlemen: Thinking that perhaps a short history of the remarkable recovery of my mother-in-law (Mrs. Anna Govert) might benefit some other sufferers, I give the following testimonial: About September 10, 1906, she was taken sick with Catarrhal Pneumonia, and continually grew worse, requiring a trained nurse. Night sweats were so bad that it was necessary to change her clothing once or twice every night; her cough increased and got so bad that everybody expected that she would not live much longer. In January, when Rev. Wm. Berg, of St. Michael's Church, at Shereville, Ind., prepared for her death, he recommended that I get Eckman's Alterative, and see if it would not give her some relief. I then requested the attending physician to give his diagnosis and he informed me that she had Consumption and was beyond all medical aid. When I asked if he thought that it was useless to try the Alterative, he replied that 'No physician could help her any and I could suit myself about it.' So I immediately had Rev. Wm. Berg to send for a bottle. Practically without hope for recovery, I insisted that she try the Alterative, which she did. I am glad to say that she soon began to improve. Now, she works as hard as ever, weighs twenty pounds heavier than she ever did before she took sick, and is in good health. She frankly says she owes her life and health to Eckman's Alterative." MRS. GROVERT.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Trouble, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

Come—Farm Where Success is Sure

WHY waste time and wear out your life working an Eastern farm, when land in the Sacramento Valley, California, will produce many times more net profit to the acre, with less work and worry.

In Northern California the soil is richer, sun shines more oftener and irrigation makes you independent of the rain and drought.

Oranges, alfalfa and all fruits, grains, grasses and vegetables mature four to six weeks earlier in Northern California.

Stock and poultry are easier to raise and produce more because the climate is milder, and they can be kept out of doors all the year, where green feed grows in abundance.

Markets are near, with cheap railroad, river and trolley transportation.

Investigate these wonderful farms; large acreage is unnecessary.

"TWENTY'S PLENTY—FORTY'S A FORTUNE"

Read carefully this table of profits and note the production to the acre; you will then understand why the Kuhn farms in the Sacramento Valley are money makers.

HEALTHY WOMEN SCARCE

Is the Verdict of Scientific Investigation.

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run-down, thin, nervous, tired and devitalized.

Women are so actice nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. W. G. Ritchie, Patchogue, N. Y., says: "Vinol is certainly the best tonic I have ever taken. I was run down and tired all the time, but thanks to Vinol, I am feeling all right again."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

Silhouette.

Silhouette was the name of a French minister who endeavored to raise the revenues by taxing the nobility. In consequence he became very unpopular and, the fashion of profiles in black coming in about the same time, they were called in derision silhouettes, the nobility claiming that they had their portraits done in black because they were too poor to have a full picture taken.
